

Summer Professional Learning and Leadership Retreats: A Must

The PLC Associates, Inc. Approach...

Take advantage of proactive planning and staying steadfastly on our path of continuous improvement.

Now is the time to target “protected time” for our leaders and teachers to “Sharpen the Saw.”

From Stephen Covey: Habit #7

- The key is not to prioritize what's on your schedule, **but to schedule your priorities.**
- The main thing is to **keep the main thing the main thing.**

Considerations for Summer Professional Learning and Leadership Retreats:

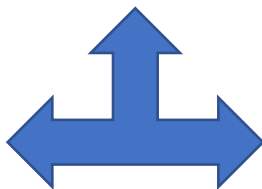

Before the train leaves the station: Five Think Abouts:

1. What do we need to do to stay on track? (improve collective capacity – leaders and teachers)
2. Keep our speed up? (implementation pace)
3. Increase riders? (guiding coalition)
4. Avoid diversions? (stay with our main things)
5. Make sure we have the right data collection to evidence results? (metrics)
